

"ACADEMICIAN NICOLAE CAJAL" SYMPOSIUM

VIROLOGY AND MOLECULAR MEDICINE
GENOMICS, MOLECULAR AND CELULAR BIOLOGY

HOTEL HOWARD JOHNSON, BUCHAREST
MARCH 27 - 29, 2013

INVITED SPEAKERS
Prof. Bin Tean Teh - SINGAPORE
Prof. Andrew Zhu - USA
Prof. Dan. G. Duda - USA
Dr. Florin Selaru - USA
Prof. Stefan Constantinescu - BRUSSELES
Dr. Pascal Pinneau - FRANCE
etc..

LOW REGISTRATION FEE DEADLINE: MARCH 11

UNDER THE AUSPICES OF

ROMANIAN ACADEMY

ACADEMY OF MEDICAL
SCIENCES

INSTITUTE OF
VIROLOGY

A LIFE DEDICATED TO LIFE "NICOLAE CAJAL"

Romanian School of Medicine was for Acad. Nicolae Cajal the second family. He loved both his teachers and his students and in his entire life and activity he worked to consolidate and promote the Romanian School of Medicine and to continuously educate the public opinion to respect life. So, every year on the occasion of the Annual Symposium, we honor not only my father's scientific career or the results of his studies but also the man he was and his love for life. The teacher, the researcher, the spiritual father, the academician and last but not least the CITIZEN Nicolae Cajal, loved people more than anything. In the name of what my father meant for us all I suggest we act as an united family to make a better Romanian School of Medicine every day and to make it exist further on with dignity and appreciated performances. I thank to all that make the dream of our father come true, Romanian School of Medicine needs to serve both people and life.

Irina CAJAL MARIN - President of Academician Nicolae Cajal Foundation.

Dear colleagues,

On behalf of the Organizing Committee, I welcome you to the VIII- th edition of the "Acad. Nicolae Cajal" Symposium, which will be held during March 27-29, 2013 in Bucharest.

The themes for the Symposium "Virology and Translational Medicine" will be presented by selected international and national experts.

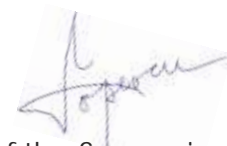

Our international speakers: Prof. Bin Tean Teh - Singapore, Prof. Dan. G. Duda - USA, Dr. Florin Selaru - USA, Prof. Stefan Constantinescu - Brussel are leading scientists working in the field of cancer research.

Translational Medicine in Oncology and regenerative therapy, development of tumor biology and cancer genomics studies is a rapidly developing domain. Recent developments in the field of "omics" technologies in digestive cancer, diabetes and their translation to clinical practice will be addressed.

This Symposium intends to bring together medical scientists, doctors, to exchange views and strengthen collaboration. During the last editions of the "Cajal Symposium", international networks and research collaboration was established. I encourage young scientists to use this Symposium as a meeting place to assemble their research interest-groups.

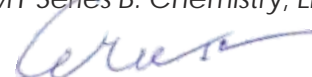

Therefore, the invitation to participate is addressed, as always, mainly to young scientists and, particularly, to the medical students.

I hope that you will find the "Cajal Symposium " 2013 scientific program valuable,
We look forward to welcoming you to this event.

Prof. Irinel Popescu - President of the Symposium

The Cajal Foundation, created in 2004 by Irina Cajal, the daughter of renowned physician, professor and enlightened statesman Nicolae Cajal (1919-2004), supports the biomedical research toward conquering disease, improving human health and extending life. It does sustain select initiatives that raise awareness of medical discoveries and their benefits to basic and clinical research. As in previous years, The "Academician Nicolae Cajal" Symposium will be organized between March 27-29, 2013 in Bucharest. This year the goal of the Symposium will be to develop a highly effective platform to build up the existing relationships between medical laboratory scientists and clinical practitioners. The symposium is a leader in promoting new prophylactic strategies and treatment recommendation addressing a broad range of infectious diseases and virus induced cancers. The meeting will attract specialists working across sectors and across geographies because we recognize that real progress against the disease depends on a level of international collaboration. The lectures and posters abstracts will be published in *PROCEEDINGS OF THE ROMANIAN ACADEMY Series B: Chemistry, Life Sciences and Geosciences*. We welcome your participation at the meeting.

Prof. Costin Cernescu - President of the Symposium

SCIENTIFIC COMMITTEE

Dorel Iordanescu - "Academician Nicolae Cajal" Foundation

Irinel Popescu - Fundeni Clinical Institute

Costin Cernescu - Institute of Virology " t. S. Nicolau"

Mihai Stoian - Institute of Virology " t. S. Nicolau"

Constantin Ionescu - Targoviste - Institute of Diabetes, Nutrition and Metabolic Diseases "N. Paulescu"

Simona Dima - Fundeni Clinical Institute

Simona Ruta - Institute of Virology " t. S. Nicolau"

Itefan Constantinescu - Ludwig Institute for Cancer Research Ltd. de Duve Institute

Stefana Petrescu - Institute of Biochemistry of the Romanian Academy.

Victor Voicu - U.M.F. "Carol Davila", Bucharest

Maya Simionescu - Institute of Cellular Biology and Pathology "N. Simionescu"

Mihai Coculescu - U.M.F. "Carol Davila", Bucharest

Ioana Berindan Neagoe - U.M.F. "Iuliu Hatieganu", Cluj Napoca

Virgil Paunescu - Presidential Counselor

THEMATICS

VIROLOGY AND MOLECULAR MEDICINE

MEDICINE AND TRANSLATIONAL RESEARCH (Genomics, Molecular & Cell Biology)

HERBERT BERLER BARBU AWARDS

Herbert Berler was born in 1915 in Viena and attended the law school at Cernauti University. With a great passion in the science, Herbert Berler felt the importance of Genetics, Immunogenetics and Molecular Biology and developed the outsider's vision with some of the greatest creators of school in Romania, among them Nicolae Cajal, at that time the co-founder of the Institute for Infra-Micro-Biology. The "Academician Nicolae Cajal" Foundation represents today the right forum to promote scientific talent, providing awards in the memory of Herbert Berler, as initiated by the family. The three awards (800 eur, 400 eur, 300 eur) are meant for young and ambitious researchers that have the potential for significant contributions in the scientific fields they represent.

THE AWARD COMMISSION: Dr. Adrian Barbu, Dr. Dorel Iordanescu, Dr. Dana Safta, Prof. Irinel Popescu, Prof. Costin Cernescu and all the winners Dr. Lucian Petru Jiga - 2008, Dr. Chivu Mihaela - 2009, Dr. Iacob Razvan - 2010, Dr. Marilela Lupu - 2010, Dr. Anca Botezatu - 2011, Dr. Florin Iordache - 2011, Dr. Eugen Andrei - 2011, Dr. Dana Cucu - 2012 etc. The complete list will be presented in the final program.

INFO AND REGISTRATION

20 Virtu ii St, Bl. R11F, Floor. 2, Apt. 9,
Bucharest - District 6
Phone: 021 210 9439; Fax: 021 210 9431
E-mail: events@trima.ro; (0756 162 100)

REGISTRATION FEES

	BEFORE 11/03/2013	AFTER 11/03/2013	On site
Participants <i>F.N.C. Nonmembers</i>	80 EUR	90 EUR	100 EUR
Participants <i>F.N.C. Members</i>	60 EUR	70 EUR	80 EUR
Trainee Doctors Retired Doctors	40 EUR	50 EUR	60 EUR
Students	free	free	free

To be able to register to the Symposium and benefit of the F.N.C. Member Low Registration Fee you have to: register as member of the Foundation (ask for the form at events@trima.ro) and pay the member fee of 100 ron (one time only fee) on the following coordinates:

Beneficiary: FUNDATIA ACAD. NICOLAE CAJAL
Bank: UNICREDIT IRIAC
IBAN: RO56BACX0000003129239000
with the mention MEMBER FEE.

In the case you are not on the member list the nonmember fee will be charged automatically.

The registration fee to the Symposium includes: the bag, access to all scientific sessions and to all social events, the attendance certificate and can be payed by post, bank or cash at - os. Virtu ii, nr. 20, bl S35, sc. 1, apt. 9, Bucure ti - 6, zona Militari.

Beneficiary: SC. TRIMA EVENTS SRL., CUI: RO 18464372
Bank: ING BANK
IBAN: RO34 INGB 0000 9999 0339 7433/RON
Mention: taxa participare Simpozion pentru "NUMELE"

ABSTRACT SUBMISSION

Please send the abstracts of your papers until March 11, 2013 at the latest, in electronic format at events@trima.ro. Papers will be selected for oral or poster presentations.

Please mention if the abstract si for Virology session or Translational Medicine session.

ATTENTION: Please make sure you registered to the event and payed the registration fee before sending the abstract. If not the papers will remain unpublished.

INSTRUCTIONS: Title in capital letters, presenter underlined, abstract no more then 300 words, all abbreviations must be explained, the content needs to follow the format introduction, material, method and results, no graphics or tables.

The abstracts will be edited in english.

Presentations will be done in english or in romanian with all slides in english.
